Re: Letter of Reference

To whom it may concern,

We are pleased to provide this Letter of Reference on behalf of Kurt Dys recommending Diamond Built LLC. Kurt Dys worked with me on behalf of Baker Barrios Architects, and successfully completed a 50,000 square foot Tilt Wall Structure that housed the 32,000 square foot Florida Cancer Specialist North Florida treatment facility in Gainesville FL. Kurt began the project in July of 2015 and completed construction of this new ultra-modern 2 story facility by the 3rd week in May of 2016. Florida Cancer Specialist Center opened for staff and patients in the 3rd week of June that same year.

The workmanship was excellent, the subtrades work was efficiently coordinated. Overall management of the project was first rate which encouraged cooperation from all subtrades to satisfactorily complete the project on schedule. Kurt provided assurance that all parties were suitably organized and motivated. He was always available, and he always remained conversant with the status of the project. Kurt was very easy to work with and was able to assist us with resolving any issue that arose quickly and efficiently.

On this basis, we are pleased to recommend Kurt Dys as a first-class General Contractor and look forward to working with Diamond Built LLC on future construction projects.

Please feel free to call us should you have any questions.

Sincerely,

Baker Barrios Architects, Inc.

Robert K Ledford II
Managing Partner
